

# OREGON STATE FIRE FIGHTERS COUNCIL

International Association of Fire Fighters  
AFL-CIO CLC

For Immediate Release:

To: All Oregon Career Professional Fire Fighters

The Oregon State Fire Fighters are proud to announce a new partnership with Special Districts Association of Oregon (SDAO).

The partnership expands Employee Assistance Plan (EAP) coverage to all career professional fire fighters in Oregon.

This coverage is specific to Fire and Public Safety and covers aspects of career maintenance and mental health counseling.

With this new expanded EAP we've added Mental Health Professionals that specialize in Fire/EMS worker issues that includes your family and dependents too!

This partnership with SDAO is an important first step in taking care of our occupational mental health needs. We whole heartily support this expanded coverage and SDAO's financial commitment to Oregon's career firefighters.

Look for important news on rollout dates in your fire stations in the next week or so.

As always if you have questions regarding this or any other workplace issue please reach out, help is only a phone call away.

All our best for the New Year,

*Karl Koenig*
